Glossary of Terms and Disclaimers

Estimated Cost - The total amount paid to purchase an investment, including any transaction costs related to the purchase, adjusted for reinvested distributions, return of capital (when known) or corporate reorganizations.

Plan of Arrangement - Due to the complex nature and unique circumstances surrounding these types of transactions, Plan of Arrangements in relation to equity holdings, if applicable in your portfolio, have been excluded from this report. Please refer to the T5008 provided by ATB Securities Inc. which accurately captures this information for tax purposes.

Return of Capital - All Pooled Trusts including mutual funds and REITs may return two types of distributions. The most familiar distributions are payments related to investment returns resulting from interest, dividends and realized gains on sale of underlying investments. These types of distributions in non-registered accounts are taxable. Distributions may also be paid in the form of return of capital, in which the issuer returns all or part of the original investment to the investor. Returns of capital are tax-exempt distributions. The maximum non-taxable return of capital is the value of the investment. Any additional returns of capital are treated as capital gains, and are taxable in the usual manner. Your T3 will reflect the taxable portion of your distributions as well as the amount by which your cost base should be adjusted. It is the investor's responsibility to accurately track the average cost per unit of their investments by reducing the cost by the amount of Return of Capital.

Exchange Rate - for both the Foreign Asset Holdings and Income Interest reports, the rate used when converting amounts into Canadian dollars is the exchange rate in effect at the time of the transaction (i.e. the time the income was received).

If you require assistance, please contact your Tax Accountant.

Income Tax Information - Your custodian, ATB Securities Inc., is required to disclose to the Canada Revenue Agency the security transactions made in your accounts. You must report any income or capital gains from these transactions on your annual income tax return.

ATB Wealth consists of a range of financial services provided by ATB Financial and certain of its subsidiaries. ATB Investment Management Inc., ATB Securities Inc., and ATB Insurance Advisors Inc. are individually licensed users of the registered trade name ATB Wealth.
